» Greater stock accuracy.

» Conduct more frequent cyclic stocktakes.

» Rugged and ergonomic barcode terminal.

» Simple to use software.

» Proudly made and supported in Australia.

Gives Your Stocktake The Edge
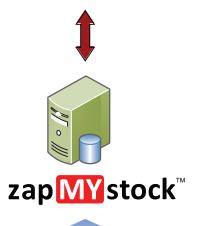

SIMPLE TO USE

You won't believe how simple and quick a stocktake can be. You already have your inventory data in your business software, so the hard work is done. Using **zap**MY**stock**™ and a portable barcode terminal like the Denso BHT-1500 ensures stock counting and data input errors are eliminated so you'll have an accurate record of your inventory levels.

zapMY**stock**™ is an innovative program, easy to learn and easy to use. It has been designed with the user in mind, knowing that not everyone is comfortable with using technology.
