

# ABM

## Alchemex

## OVERVIEW

ABM Alchemex is a powerful reporting module that gives your business the competitive edge by enabling quick and easy access to real-time information needed for operations and strategic planning.

Using ABM Alchemex you can easily create reports to analyse data from ABM using Excel to present and manipulate the information.

Take it one step further, ABM Alchemex allows you to combine information from other data sources, such as

external spreadsheets or separate databases to provide a single consolidated report or dashboard, on any business operation.

Online training is also available to advanced your skills in ABM Alchemex as well as specific data analysis skills in Excel.

With ABM Alchemex you can spend more time focusing on information analysis and interpretation and less time pulling the data together.

## BENEFITS

- » Enhance productivity and presentation.
- » Save time and money by automating reports.
- » Smart and simple to use.
- » Start reporting straight away.

## FEATURES

# KNOWLEDGE IS POWER

## ABM ALCHEMEX BUNDLE

Additional licences can be purchased for as many users as needed. The most affordable option is ABM Alchemex Bundle which includes one of each of the following licences:

### CONNECTOR MODULE

The connector module allows administrators to set up connections to multiple data sources, allowing report designers to access information from multiple sources and consolidate data. Modifying data connection details is made easy via a graphical SQL tool.

### REPORT REPORT MANAGER

The Report Manager allows you to author new reports, organise, create and edit existing reports as well as filter and aggregate report data without the need for specialised training or knowledge. This tool also allows you to set permissions and security for reports.

### REPORT VIEWER

This tool provides you with basic editing capabilities (filtering and changing of parameters) and drill-down functionality on existing reports/templates. You can provide Report Viewer licences to staff members who do not need to create reports. This is a great option for staff members who do not need to create and write reports, but enable them to have up-to-date information whenever they need it.

### PRE BUILT REPORT TEMPLATES

ABM Alchemex ships with a powerful set of standard reports and templates such as Financial Reports (Balance Sheets and Income or P&L Statements), Sales, Inventory and purchasing Reports.

Explore your data interactively with the included Management Dashboard which grabs information from multiple sources to an easy to understand, unified display. The dashboard view quickly highlights key areas that need to be drilled into for further analysis, for quick and informed decision-making. As with all report templates they can be changed and edited quickly and easily.

### ONLINE TRAINING

ABM Alchemex offers a range of online training courses which are designed to assist trainees with maximising their desired skillset when they are using the program. There is also an applied training course which includes two hours of time to specifically write more advanced custom reports with help and guidance.

## OPTIONAL ADD-ON MODULES :

### FINANCIAL REPORT DESIGNER

This powerful designer tool allows users to build advanced financial report layouts in excel via a simple, intuitive 'drag and drop' designer interface, applicable to financial reports only for select install bases. Ships with pre-built layouts to get you started.

### OTHER REPORT PACKAGES

Alchemex have other report packages available for sale including Customer/Sales Dashboard, Debtors Dashboard and a special pricing report. ABM Alchemex allows you to report on whatever you need, save time and money with ABM Alchemex.
